

**KOROWAI
VISION STATEMENT**

*Lead and advance planning to
create a better Aotearoa*

**KORERO KAUPAPA
PURPOSE STATEMENT**

*Inspire planners and raise the profile
and mana of the profession*

**WHĀINGA POU
STRATEGIC PILLARS**

MANA WHAKAHAERE | GOVERNANCE

*These pou are delivered by an Institute that is
well governed, managed and operated*

ADVOCACY

*We advocate for the importance of
planning in creating a better Aotearoa*

- To have planners embedded at the core of the Aotearoa resource management system
- To have planners leading spatial planning
- That planning and planners fulfil their key role in Aotearoa's response, mitigation, and adaptation to climate change
- To have planners embedded in central government

CHAMPIONING

*We champion the value of good
planning and how it is creating a
better Aotearoa*

- That outstanding community and environmental outcomes that arise from planning are widely recognised and valued
- That the value and importance of planning is recognised by our political leaders, key stakeholders, and the general public
- To have planners recognised as genuine advocates for the public interest
- To see planning considered as an attractive career choice

THOUGHT LEADERSHIP

*We take informed and forward
looking positions on key resource
management issues facing Aotearoa*

- To define what an Aotearoa planning framework is/should be
- To see planning recognised as providing meaningful responses to complex resource management challenges
- For planning to have a clearly articulated response to climate change
- To see planners recognised as valued voices on resource management issues

EDUCATION

*We educate, develop, and equip
planners to fulfil their role in
creating a better Aotearoa*

- To identify the core skills and competencies for planning and ensure these are held by all planners
- To have 'whole of career' education and professional development pathways
- To ensure planners understand, and are competent in the implementation of all aspects of the new resource management legislative framework
- To deliver a profession lead technological revolution in the practice of planning

MEMBERSHIP

*We give members a sense of pride
and belonging*

- To have members feel good about the profession and their place in it
- To have members trust NZPI to monitor planners wellbeing and mental health
- To retain planners in the profession
